Issues Confronting the Financial Expert

COURSE SUMMARY:

This presentation addresses key issues and challenges facing expert witnesses and litigating attorneys in the development and presentation of financial analysis testimony, with a particular emphasis on valuation.

Topics include:

- The role of the financial expert witness.
- The court's expectations and rules of evidence for valuation testimony.
- Daubert challenges.
- The preparation and delivery of effective direct testimony and cross-examination relating to valuations.
- The differing definitions of value encountered in litigation.
- The various authorities, professional organizations, and professional standards for valuation.
- The key accepted approaches to valuation.
- Current Issues in valuation.

REGISTRATION REQUIRED BY July 15th
